DISCOVER ZANZIBAR VIBES

Gold Zanzibar is a 5 star resort located on the fine white sandy beach of Kendwa, on the North-west side of the island.

Every evening you will experience an incredible African sunset that no words can describe. An added bonus, our area is not affected by the tides and seaweed, allowing our guests to swim at any time of the day and to enjoy the services of the nearby water-sport center.

Built on a wide area, the hotel includes only 72 rooms and private villas to allow guests to enjoy maximum of privacy and relax. Its architecture is a mix of African and Arab influences translated according to contemporary design.
