

ATI HOLIDAYS

ECHOES OF THE NAMIB

Embark on *Echoes of the Namib*, a six-day fly-in adventure that takes you to some of the country's most iconic destinations. Your journey begins at Omaanda, a luxurious lodge near Windhoek. Here, you'll be greeted with warm hospitality, expansive savanna views, and the chance to spot wildlife such as rhinos and giraffes right on your doorstep.

From there, you'll fly to the NamibRand Nature Reserve, known for its vast desert landscapes and incredible night skies. For two nights, Wolwedans Dune Camp will be your base - an luxury eco lodge that blends seamlessly with the surrounding dunes. Spend your days exploring this untouched wilderness on guided nature walks and scenic drives, and your evenings marvelling at a canopy of stars.

The trip concludes at Sossusvlei, home to Namibia's legendary red dunes. Staying at Wilderness Safaris' Kulala Desert Lodge, you'll have the perfect vantage point to explore this surreal desert environment. Whether you're climbing Big Daddy, wandering through Deadvlei's ancient clay pan, or simply savouring the quiet beauty of the landscape, this experience offers a deeper connection to Namibia's extraordinary natural heritage.
