

SUSSURRO

MOZAMBIQUE ESCAPE

Sussurro is an award winning boutique hotel with fantastic eco-credentials, based on a remote peninsula in Southern Mozambique; a stylish barefoot luxe hideaway with completely unique experience offerings, where guests can align with nature and immerse themselves in a more meaningful travel experience.

Mozambican vernacular architecture weaves a natural canopy above billowing mosquito nets. Large apertures allow the colours of an ever changing landscape to permeate the space.

Rooms are dressed with furniture created and carved onsite and thoughtfully collected artisanal pieces from sub-Saharan Africa.
