Jack’s Camp is a traditional East African 1940’s safari style Camp situated in the Makgadikgadi Desert. Ten green roomy and stylish canvas tents with en-suite bathrooms and indoor and outdoor showers (for those who want to feel the Kalahari breeze on their skin) have been fashioned in classical style and are set into a palm grove creating an oasis of civilization in what can be the harshest of stark environments... Persian rugs underfoot and cool cotton sheets form a striking contrast with the rugged wilderness viewed from the comfort of one’s own verandah. Activities you can expect to experience: Game drives in the reserve to experience the desert game, Quad biking across the dry pans (dry season only), Spend a morning with a semi-habituated family group of meerkats, getting up close and personal with these fascinating creatures. Visiting Chapman’s Baobab, enhanced Bushmen interaction. If you travel in the shoulder season you might also be able to experience the Zebra and Wildebeest Migration (Green season).
